AFFIDAVIT OF HOWARD BICKER

Plaintiffs,

vs.

Minnesota State Board of Investment,

Defendant.

STATE OF MINNESOTA)
)
) ss.
COUNTY OF RAMSEY)

HOWARD BICKER, being first duly sworn on oath, deposes and states as follows:

1. I submit this affidavit in opposition to Plaintiffs' Summary Judgment Motion on Count One in the above-referenced matter and in support of summary judgment in favor of Defendants.
2. I am the Executive Director of the State Board of Investment ("SBI") and have served in this position since 1981. I have worked for the SBI since 1971.

3. The SBI was granted authorization by the legislature to invest in international securities in 1988, when Minnesota Statutes Section 11A.24, subd. 6(a)(5) was adopted.

4. In 1988, as Executive Director, I was directly involved in proposing legislation on behalf of the SBI. The 1988 statute adding "international securities" as authorized investments for the funds under the SBI's control was adopted at the SBI's request. I helped draft the legislative proposal and testified at the Legislature regarding the proposal. The SBI requested this legislation to enable it to further diversify its holdings by the purchase of foreign corporate equity and debt and foreign government debt, beyond the corporate equity and debt and government debt already authorized in other provisions of Minnesota Statutes Section 11A.24. Attached hereto as Exhibit A is a true and correct copy of pages of the SBI's 1988 Annual Report describing the legislation.

5. I understood that with the passage of Minn. Stat. § 11A.24, subd. 6(a)(5), the SBI was authorized to purchase foreign government bonds, beyond just Canadian government bonds. As a result of this understanding, the SBI has purchased non-Canadian foreign government bonds continuously since at least 1991, when it purchased bonds issued by the Korean Development Bank and the European Investment Bank. Attached hereto as Exhibit B is a true and correct copy of pages 70 and 71 of the SBI's 1991 Annual Report, which show the SBI's holding of Korean Development Bank bonds and European Investment Bank bonds. The SBI's holdings as of December 31, 2011 include government bonds of Aruba, Norway (Eksportfinans), Denmark, Japan, Russia, Colombia, Italy, Mexico, France (SFEF) and Israel, as well as the European Investment Bank and the Nordic Investment Bank. Attached hereto as Exhibit C is a true and correct copy of pages 76, 79, 84, 96, 98, 99, 100, 104, 106 and 108 of the *Minnesota State Board of Investment Alphabetical Asset Listing As Of December 31, 2011*, a document

found on the SBI's website, which indicates the SBI's holdings of the above-mentioned foreign government bonds.

6. The SBI first purchased State of Israel bonds in 1993. Attached hereto as Exhibit D is a true and correct copy of page 99 of the SBI's 1993 Annual Report which shows the SBI's holding in Israel bonds for June 30, 1993. The SBI has continuously invested in various State of Israel bonds since that time.

7. Minnesota Statutes Sections 11A.243 and 11A.244 preclude investment in companies doing business in Sudan and Iran. Although the SBI is authorized to purchase foreign government bonds, the legislature had no need to address Sudanese or Iranian government bonds in §§ 11A.243 and .244 because such bonds are not and have never been available for purchase on an organized secondary open market. In other words, Sudanese and Iranian bonds have never been available to the SBI for purchase.

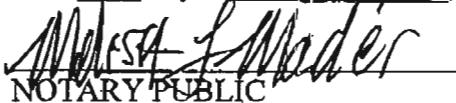

8. An International Investment Standards Task Force was created in 1992 to draft guidelines for investment managers to follow in order to invest in stock in international companies. The guidelines were created in response to concerns expressed by labor unions and environmentalists about companies doing business in foreign countries in which the labor, human rights and environmental standards in these countries could have an adverse impact on the competitiveness of American businesses. Since foreign governments do not compete against American businesses, the investment in foreign government bonds does not raise the issues to which the guidelines were intended to respond. As a result, these investing guidelines for the

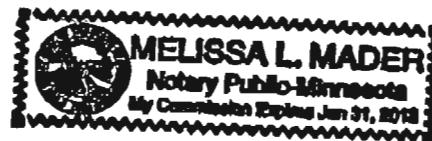

International Stock Pool do not address government bonds. Foreign government bonds are not part of the International Stock Pool, they are primarily in the SBI's Bond Pool.

FURTHER YOUR AFFIANT SAYETH NOT.

HOWARD BICKER

Subscribed and sworn to before me on
This 23 day of February, 2012.

AG: #2955355-v1

**1988
ANNUAL
REPORT**

**MINNESOTA STATE
BOARD OF
INVESTMENT**

Bicker Aff.
Exhibit A

MAJOR DEVELOPMENTS**LEGISLATIVE CHANGES**

The 1988 Legislature enacted two changes that affect the statutory authority of the State Board of Investment (SBI).

International Investments

The Legislature approved the Board's request to add international securities as authorized investments for the funds under its control. Under the statute adopted by the Legislature, international investments will be considered an alternative asset class. Previously, the Legislature authorized real estate, venture capital, resource fund investments and unrated debt as alternative assets classes. By statute, investments in all alternative asset classes, including international securities, are capped at 35% of a fund.

The Board has not yet established a target asset allocation for international investments in any fund. It expects to develop an international investment program over the next one to two years.

Northern Ireland

The Legislature also enacted statutory provisions concerning the SBI's investments in U.S. companies with operations in Northern Ireland. The new statute requires the SBI to:

- Annually compile a list of U.S. corporations with operations in Northern Ireland.
- Annually determine whether those corporations have taken affirmative action to eliminate religious or ethnic discrimination. The statute lists nine goals modeled after the McBride Principles.
- Sponsor, co-sponsor and support resolutions that encourage U.S. companies to pursue affirmative action in Northern Ireland, where feasible.

The statute does not require the SBI to divest existing holdings in any company and does not restrict future investments by the SBI.
